# Get your benefits sooner.

With a \$0 deductible, your benefits start on day one.\*

	Deductible	Copay & Coinsurance
Part D Plans with a deductible	You pay 100% of drug costs until you reach your deductible.	Your plan starts to share your cost.
<b>SilverScript®</b> \$0 deductible on all tiers	You pay \$0 <sup>2</sup> SilverScript immediately starts to share the cost of your prescriptions.	

\*Not all states have a \$0 deductible. See chart below for your state's deductible.

## How does a \$0 deductible help me?

- The Part D plan starts sharing the costs of your drugs on the first day of your plan. Other Part D plans can charge you up to \$415 before they start sharing your cost.
- No upfront deductible means you have more consistent monthly expenses, unless you reach the coverage gap (donut hole).

## What if the \$0 deductible covers only Tier 1 and 2 drugs?

- You don't pay a deductible for drugs on Tiers 1 and 2; SilverScript starts sharing the cost of those drugs right away.
- You still have more consistent monthly expenses, but it's based on whether the drugs you take are on Tier 1 or 2 or higher.
- For any drugs you may take on Tiers 3-5, you pay the amount of the deductible before SilverScript starts paying its share. See the chart below for state specifics.

## What drug tiers does the Choice plan \$0 deductible cover in my state?

Find your state in the list below. If you don't see your state, your \$0 deductible applies to all drug tiers in 2019.

	Tier 1 and 2 drugs	Tier 3, 4 and 5 drugs
Colorado, Georgia, Texas	\$0	\$100
Arizona, South Carolina	\$0	\$415

# Medicare and Part D.

## How they work. And how to make them work better for you.

Medicare is the federal health insurance program for people ages 65 and older, and younger individuals who qualify under special circumstances, like those with a disability. Different parts of the Medicare program cover different costs. **Part A is hospital insurance** and includes inpatient stays, skilled nursing and home healthcare. **Part B is medical insurance** for doctor services, lab tests, outpatient and preventive care. And **Part D is prescription drug insurance** to help you manage your prescription drug costs.

## Important coverage options to consider

The right coverage for you depends on your health needs and your budget...

- You can choose Original Medicare by itself (Parts A and B).
- You can add a Medicare Supplement (Medigap) plan to help pay for things not covered by Original Medicare, like copayments, coinsurance and deductibles. Plus, get the freedom to use any doctor or hospital that accepts Medicare.

**KEEP IN MIND:** Original Medicare and Medigap plans do not include Part D prescription drug coverage.

## Complete your coverage

Add a Medicare Part D prescription drug plan like SilverScript to help save on your prescription drug costs. Our plans are affordable and comprehensive, and it's easy to enroll.

# When can I enroll in Medicare Part D?

## INITIAL ENROLLMENT PERIOD

**TURNING 65:** You're eligible to enroll in Medicare because you're turning age 65. It's a seven-month window that opens three months before your birthday month and closes three months after your birthday month.<sup>9</sup>

**DISABLED:** If you're under 65, you are eligible to enroll in Medicare if you have a qualifying disability. You will have a seven-month enrollment window that opens three months before the 25th month of receiving your Social Security or Railroad Retirement Board benefits and ends three months later.

..... OR .....

## ANNUAL ENROLLMENT PERIOD

You want to enroll in Medicare Part D or change existing coverage. It happens each year between October 15 and December 7.

..... OR .....

## SPECIAL ENROLLMENT PERIOD

You need to change coverage due to a special circumstance, like moving to a new home in another state. It can happen any time of the year. Call us for more details.

### PLEASE NOTE: MEDICARE PART D HAS A LATE ENROLLMENT PENALTY.

You may owe a Part D Late Enrollment Penalty if, at any time after your initial enrollment period is over, there's a time period of 63 or more days in a row when you don't have Part D or other creditable prescription drug coverage (e.g., prescription drug coverage through an employer or union health plan). Medicare will add a recurring Part D Late Enrollment Penalty to your monthly premium once you enroll in a Part D plan.
